COMMUNITY DEVELOPMENT DEPARTMENT

OUR MISSION STATEMENT

Our mission is to serve all persons in a positive and courteous manner and help ensure that San Luis Obispo continues to be a healthy, safe, attractive, and enjoyable place to live, work, or visit. We help plan the City's form and character, support community values, preserve the environment, promote the wise use of resources, and protect public health and safety.

OUR SERVICE PHILOSOPHY

The City of San Luis Obispo Community Development Department staff provides high quality service when you need it. We will:

- ◆ Listen to understand your needs;
- ◆ Give clear, accurate and prompt answers to your questions;
- ◆ Explain how you can achieve your goals under the City's rules;
- ◆ Help resolve problems in an open, objective manner;
- ◆ Maintain high ethical standards; and
- ◆ Work to improve our service.

These Sign Regulations were adopted by City Council Ordinance No. 709 (1977 Series).

These Sign Regulations, an extract of the City of San Luis Obispo Municipal Code, are provided for the general information of the public. Although carefully proofread, errors or omissions may occur.

This material is current as of the date of the latest amendment listed below. Additional amendments may have been adopted since that date which are not yet included. City planning staff can advise you of the most recent amendments, if any, as well as corrections made to the text.

Article I. General Provisions

15.40.010 Title.

This chapter shall be known and cited as the "Sign Regulations of the City." (Prior code § 9701.1)

15.40.020 Purpose.

These regulations are intended to:

A. Protect and enhance the character and natural beauty of the community and its various neighborhoods and districts;

B. Protect those uses which are adequately and appropriately identified from too many and too large signs in their environs;

C. Protect commercial districts from sign clutter;

D. Protect residential districts from light and glare caused by commercial signs;

E. Protect the public's ability to identify uses and premises without confusion;

F. Eliminate unnecessary distractions which may jeopardize pedestrian or vehicular traffic safety;

G. Assure the maintenance of signs; and

H. Implement the community design objectives expressed in the general plan; and

I. Encourage energy conservation in sign design.

Prior code § 9701.2)

15.40.030 Scope.

It is unlawful for any person to construct, maintain, display or alter or cause to be constructed, maintained, displayed or altered, a sign within the city except in conformance with this chapter. (Prior code § 9701.3)

15.40.040 Definitions.

As used in this chapter, the following terms and phrases shall have the indicated meanings:

1. "Area of sign" means the number of square feet of the smallest rectangle within which a sign face can be enclosed. In determining the area of an individual sign which has more than one face, the greatest area of sign faces visible from any one point shall be used. The "total area of signs on a site" is the greatest area of sign faces which are visible from any one point.

2. "Billboard" means a sign structure which is made available for lease or rent.

3. "Building face" means the whole of a building visible in an elevation of the building excluding sloped roof surfaces.

SIGN REGULATIONS -- Chapter 15.40

4. "Bulletin board" means a sign which accommodates changeable copy and which displays information on activities and events on the premises.

5. "Calle Joaquin area" means all properties with street frontage on Calle Joaquin in the fourteen hundred through seventeen hundred blocks. This area is in the vicinity of the Calle Joaquin/Los Osos Valley Road interchange.

6. "Directory sign" means a sign identifying the location of occupants of a building or group of buildings which are divided into rooms or suites used as separate offices or studios.

7. "Exterior-illuminated sign" means any sign any part of which is illuminated from an exterior artificial light source mounted on the sign, another structure, or the ground.

8. "Facia" means a flat horizontal band or broad fillet covering the joint between the top of a wall and projecting eaves.

9. "Freestanding sign" means a sign not attached to any building and having its own support structure.

10. "Group quarters" means a residential facility in which residents do not occupy individual dwelling units.

11. "Identification sign" means any sign identifying an institution in a residential zone, occupant, apartment, residence,

school or church, and not advertising any product or service.

12. "Interior-illuminated sign" means a sign any part of which has characters, letters, figures, or any portion of the sign face or outline thereof illuminated from an interior light source.

13. "Height of sign" means the vertical distance from average adjacent ground level to the top of the sign including the support structure and any design elements.

14. "Lot frontage" or "frontage" means the horizontal distance along a lot line adjacent to a public street, or the side of a lot adjacent to a public street.

15. "Marquee sign" means a sign placed on the face of a permanent roofed structure projecting over the building entrance, which is an integral part of the building (usually a theater or hotel) and is not a fascia extension of the roof or eave.

16. "Mission plaza" means the area bounded by Chorro Street, Higuera Street, Broad Street, and Monterey Street, excluding the faces of buildings which front on the above streets.

17. "Monument sign" means a sign which is completely self-supporting, has its base on the ground, and is generally rectangular in form.

SIGN REGULATIONS -- Chapter 15.40

18. "Non-illuminated sign" means a sign with no internal or external artificial light source and only incidentally illuminated by ambient light conditions.

19. "Nonresidential zone" means any zone other than an R-1, R-2, R-3, or R-4 zone.

20. "Off-premises sign" means any sign which directs attention to a business, service product, or entertainment not sold or offered or only incidentally sold or offered on the premises on which the sign is located.

21. "Person" means any individual, partnership, corporation, association or government or any other legal entity.

22. "Planned residential development" means a residential use developed in accordance with planned development district regulations of Division I of Title 17.

23. "Political sign" means a sign intended to draw attention to or communicate a position on any issue, candidate, or measure in any national, state, local or university campus election.

24. "Premises" means a building or unified complex of buildings on one lot or on two or more contiguous lots under common ownership.

25. "Price sign" means a sign on the premises of a service station, which contains information on the cost and type or grade of motor fuel only.

26. "Projecting sign" means a sign which extends out from a building face or wall so that the sign face is perpendicular or at an angle to the building face or wall.

27. "Public entrance" means a place of entry at a premises which is accessible to the general public.

28. "Railroad Square" means the area bounded by High Street, Santa Barbara Street, Church Street, and the Southern Pacific Transportation Company railroad right-of-way.

(Prior code § 9702.3)

15.40.080 Signs requiring approval of the architectural review commission.

A. Unusual site conditions or other design factors may warrant types, heights and sizes of signs not otherwise permitted by these regulations. The following signs shall require approval of the architectural review commission:

1. Signs consisting of or containing any moving, rotating, flashing or otherwise animated light or component;

2. Roof signs which do not extend above the highest point of the roof;

3. Any individual sign, or combination of all signs on any one property, which exceeds the height or area limitations of the sign standards hereinafter prescribed for the zoning district in which the property is located;

4. Off-premises signs including billboards;

5. Any other visual device which does not, in the discretion of the Community Development Director, comply with the purpose of this chapter or the intended interpretation of these standards.

B. Application to the architectural review commission shall include reasons or exceptional circumstances which warrant consideration for exceeding these standards, such as:

1. Nonconforming use;
2. Visual obstruction;
3. Unusual building location on-site;

4. A nonconforming sign that acts as a neighborhood landmark or focal point while not disrupting views of prominent community landscape features. When granting an exemption for a legally nonconforming sign, the architectural review commission shall require that as many nonconforming elements of the sign as possible be eliminated while allowing its basic form and character to remain. (Ord. 1125 § 1, 1988; prior code § 9702.4)

Article III. Sign Permits

15.40.090 Application-Contents.

Any person desiring to construct, maintain or display a sign for which a permit is required shall submit an application to the department of community development. Such application shall include plans, drawings and other descriptive material

sufficient to depict the sign proposal, as well as all other proposed or existing signing on the same property, and to enable evaluation of the proposal's conformance with the sign regulations. Authorization of the property owner shall be required to submit a sign permit application. (Prior code § 9703.1)

15.40.100 Chief building officials determination of need for building permits.

Sign permit applications shall be routed to the chief building official. When, in his determination, a separate building, electrical or plumbing permit is required, the application shall be notified and the sign permit shall not be issued until such other permits are obtained from the Building Division of the Community Development Department. (Prior code § 9703.2)

15.40.110 Application-Determination.

Within fifteen days of receiving a proper application for sign permit which is not contingent upon action by the architectural review commission or the issuance of other permits, the director of community development shall in writing approve, conditionally approve, or deny the application. The director may impose only such conditions as will assure compliance with the provisions of this chapter. (Prior code § 9703.3)

Article IV. Sign Standards

15.40.120 Compliance with required-Variances.

For individual sign proposals not subject to architectural review, all signs shall conform to the following standards for the zone district in which they are located. For new construction or major remodeling, signs approved as a result of architectural review as provided in Chapter 2.48, shall be constructed, maintained, and displayed as indicated in the plans approved by the Architectural Review Commission. The Architectural Review Commission may impose more restrictive requirements in order to fulfill the purposes of this chapter; it may also, upon demonstration of exceptional circumstances, approve signs which exceed these standards. (Prior code § 9704)

15.40.130 Residential zones.

A. The following signs are permitted within the conservation/open space (C/OS), public facility (PF), low-density residential (R-1), and medium-density residential (R-2) zone districts:

1. One identification sign not exceeding one square foot in area for each dwelling unit;

2. One non-illuminated identification sign not exceeding ten square feet on each frontage of a planned residential development, multiple-family building, group quarters or institutional use.

B. The following signs are permitted within the medium-high density residential (R-3) and high-density residential (R-4) zone districts:

1. One identification sign not exceeding one square foot for each dwelling unit;

3. One directory sign at each premises, not interior illuminated and not exceeding one square foot for each room or suite occupied as a unit.

4. Sign illumination, where allowed shall be indirect and shall utilize focused light fixtures that do not allow light or glare to shine above the horizontal plane of the top of the sign or onto any public right-of-way or adjoining property. Indirect glare shall not exceed that value which is produced by an illumination of the reflecting surface not to exceed 10 luxes (1 candlepower) measured 10 feet from the sign. No internally illuminated signs shall be allowed except as provided for in subsection 6 below;

5. Hospitals are allowed to have internally illuminated signs subject to the illumination levels authorized by Section 15.40.160C.

C. Signs which do not conform to the provisions of this section, but which lawfully existed and were maintained prior to the effective date of the ordinance codified herein, shall be made to conform when the sign is replaced.

15.40.150 Commercial and industrial zones.

A. Signs for residential uses as provided in Section 15.40.130.

B. The following signs are permitted within the neighborhood commercial (C-N) zone district. Total sign area, exclusive of shopping center identification signs, not to exceed one hundred square feet for each business or tenant, including:

1. One freestanding sign at each premises not to exceed twenty-four square feet in area or twelve feet in height, for uses not located within a shopping center;

2. One wall sign per business or tenant on each frontage or building face having a public entrance not to exceed ten percent of the building face of the area occupied by the business or tenant and not to exceed fifty square feet.

C. The following signs are permitted in the retail commercial (C-R) and central commercial (C-C) zone districts. Total area of signs, exclusive of shopping center signs, shall not exceed two hundred square feet for each business or tenant. Each business or tenant may have four signs from the following and may place them on any wall:

1. Wall/window signs: The total area of all wall/window signs on a single building face may not exceed fifteen percent of the building face nor exceed one hundred square feet. Wall/window

SIGN REGULATIONS -- Chapter 15.40

signs may not be located above the second story;

2. Suspended signs, not to exceed ten square feet each;

D. The following signs are permitted within the service commercial (C-S), and manufacturing (M) zone districts. Total area of signs shall not exceed two hundred square feet for each business or tenant, including:

1. One wall sign for each business or tenant, on each frontage or building face having a public entrance, not to exceed fifteen percent of building face and not to exceed one hundred square feet nor to be located above the second story;

2. One freestanding sign at each premises, not to exceed fifteen feet in height or seventy-two square feet in area;

3. One off-premises sign at each premises, not to exceed two hundred square feet in area or twenty-five feet in height; provided, that an administrative use permit is first obtained pursuant to Chapter 17.58.

E. The following signs are permitted within the tourist commercial (C-T) zone district. Total area of signs shall not

exceed two hundred square feet, for each business or tenant, including:

1. Same as subsection D of this section for all uses except those listed in subdivision 2 of this subsection;

2. For motels, restaurants and service stations:

a. Wall signs not to exceed seven percent of the building face, not to be located above second story and each not to exceed one hundred square feet;

b. One freestanding sign at each premises not to exceed twenty-five feet in height or seventy-two square feet in area. This sign may be located within the required yard area on lots where buildings existed on or before September 1, 1980, are in the required yard area.

F. Calle Joaquin Area. Freestanding signs in the Calle Joaquin area shall not exceed sixteen feet in height. See subsection 5 of Section 15.40.040 for boundary of Calle Joaquin area.

G. Mission Plaza and Railroad Square. All signs within Mission Plaza and Railroad Square require approval by the architectural review commission as provided in Chapter 2.48. Signs within these districts shall contribute to the historical themes and design character of their settings.

The architectural review commission may allow types of signs other than those

SIGN REGULATIONS -- Chapter 15.40

permitted in the zone district standards within these special districts when such signs are part of a unified design plan which furthers the purposes of this chapter.

15.40.160 General standards.

The following standards apply to signs located in all zone districts:

A. Shopping Center Identification Signs: With architectural review commission approval, in addition to the signs permitted for individual tenants or businesses, shopping centers may have one identification sign per frontage (or freeway exposure) not to exceed twenty-five feet in height or seventy-two square feet in area. Such shopping center signs shall not be included in the dimensional or area calculations for individual tenants or businesses.

B. Yards: Except as provided in this chapter, no signs shall be allowed within the required yard area. Traffic directional signs and identification signs not exceeding three feet in height may be placed in the required yard areas.

C. Illuminated Signs: Lighting for exterior illuminated signs shall be so arranged that it does not create a hazardous glare for pedestrians or vehicles either in a public street or on any private premises. Each sign shall be designed so that illumination does not exceed one hundred luxes (ten candlepower) at a distance of ten feet from the sign.

D. Freestanding and Monument Signs: Monument signs may be used where freestanding signs are permitted by the provisions of this chapter. Such monument signs shall have the same area limitations as freestanding signs but shall not exceed one-third the height of allowed freestanding signs. Monument signs shall not be placed so as to obstruct visibility necessary for safe vehicular and pedestrian circulation, but may be placed in required street yard and/or setback areas.

E. Projecting and Suspended Signs: Projecting signs, including marquee signs and suspended signs, shall conform to the following requirements:

1. The minimum clearance between the lowest point of a sign and the grade immediately below shall be eight feet.

2. The minimum horizontal clearance between a sign and the curb line shall be two feet; the maximum projection over a public sidewalk shall be two-thirds the width of the sidewalk or six feet, whichever is less.

3. The top of a projecting sign shall not exceed the height of the face of the building by which it is supported.

F. Wall Signs: The distance between the highest point of a wall sign and the grade immediately below shall not exceed twenty-five feet. (Prior code § 9704.4)

SIGN REGULATIONS -- Chapter 15.40

Article V. Nonconforming Signs

15.40.170 Existing nonconforming signs- Abatement.

Signs which existed as nonconforming signs under the provisions of Ordinance No. 379, adopted August 7, 1967, and which do not comply with the provisions of this chapter, shall be abated according to the schedule for such signs established in said ordinance, and the adoption of this chapter shall in no way extend such original abatement period. (Prior code § 9705.1)

15.40.180 Abatement or conformance required when.

Except as provided for in Section 15.40.140 C, signs which do not conform to the provisions of this chapter, but which lawfully existed and were maintained prior to the effective date of the ordinance codified herein, shall be removed or made to conform within sixty days after written notice by the department of community development, when:

A. The use of the premises changes and the exterior of the building or other site conditions are to be altered; or

B. A sign is damaged by any cause resulting in replacement or repair cost equal to or greater than one-half of its replacement value at the time the damage occurs; or

C. In accordance with the amortization schedule outlined in Section 15.40.190. (Prior code § 9705.2)

15.40.190 Amortization.

A. Signs which do not conform to the provisions of these regulations but which lawfully existed and were maintained prior to September 1, 1980, shall be removed or made to conform within sixty-days written notice by the department of community development, in accordance with the following schedule:
